

Help us to recycle printer cartridges, mobile phones & PDA's for charity!

In Europe, 1 in 3 people have a mobile phone and replace it every 18 months. In the UK alone 15 million mobile phones are replaced each year!

Over 200 million printer cartridges are binned each year, enough to pay for a number of Macmillan Nurses for a year

Recycling is very easy, and by recycling you will not only be helping to preserve the environment, you will also be helping to raise money for charities!

How Can I get involved with your Scheme ?
